

SOUL EATER 26

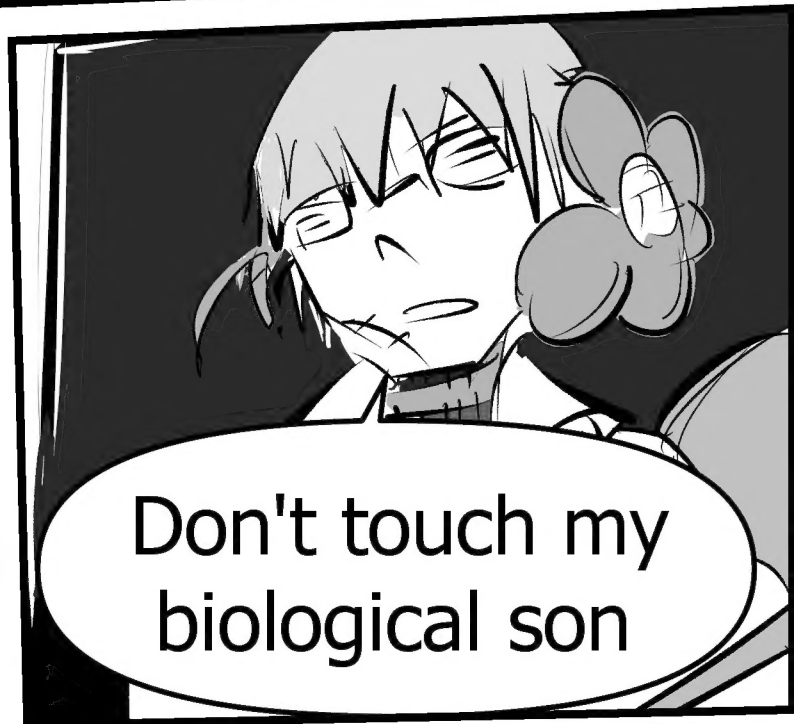

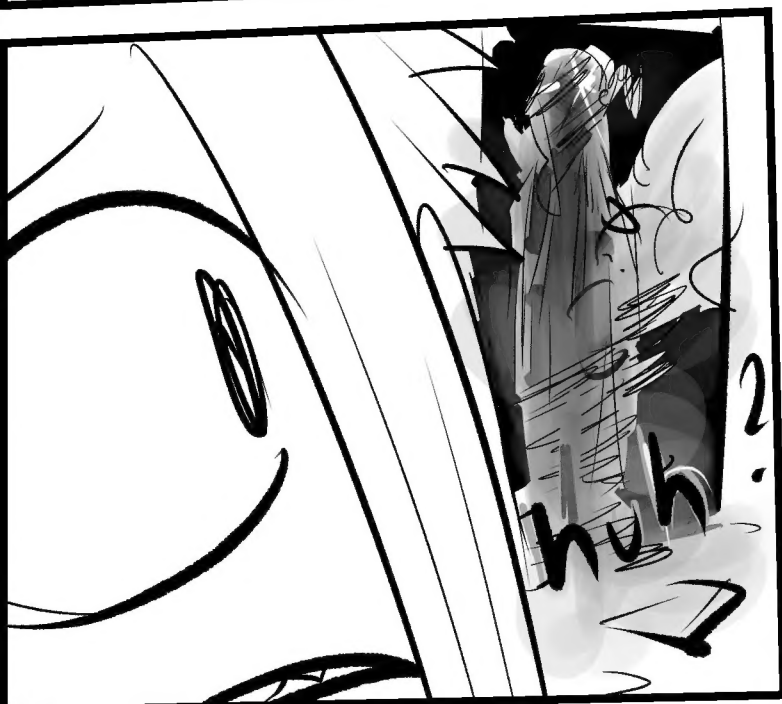

Post...

**From one night dream
to another daymare**

My goal of infinite motor efficiency will be complete

Now let's go
home, our
flesh and blood!

B-but am I
really-

my hair colour
doesn't match-

Haha, have you already
forgotten that being kidnaped
changes one's hair colour?

O-oh yeah right,
that was allways
the case

Yes it's as normal
as paying the busdriver
with cottage cheese

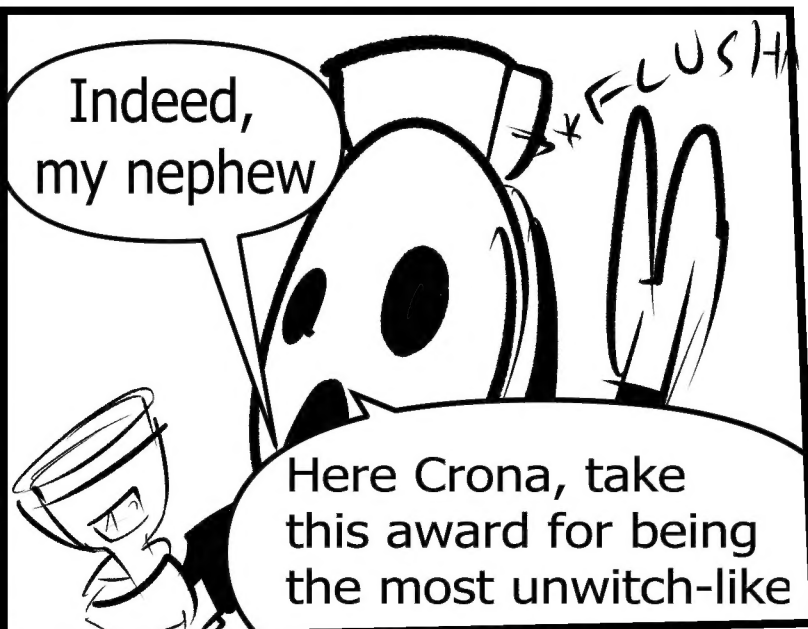

Now let's go,
you are late
for the park

ARILATO

That's the son
of the DWMA's
strongest meister
and death scythe
for you

Indeed,
my nephew

Here Crona, take
this award for being
the most unwitch-like

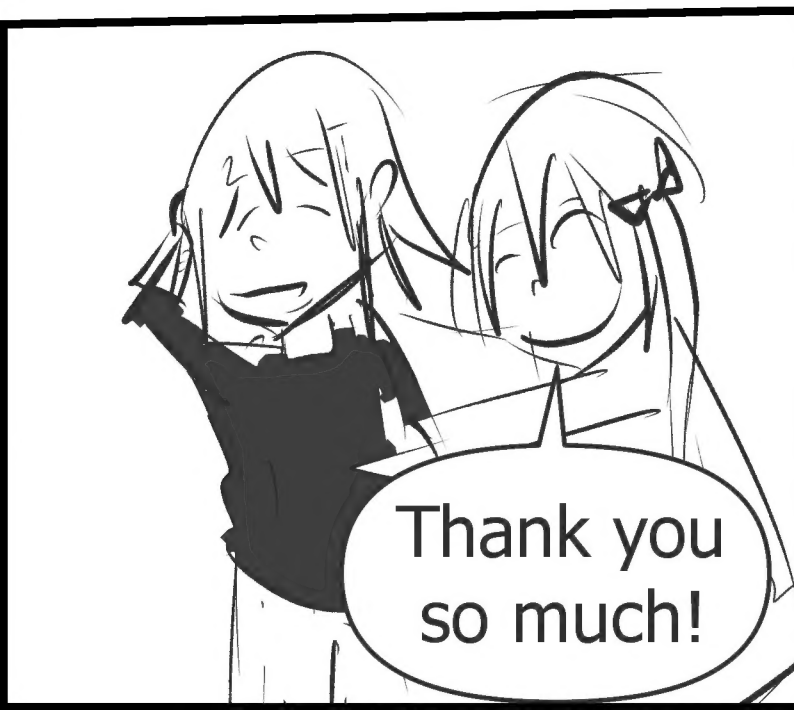

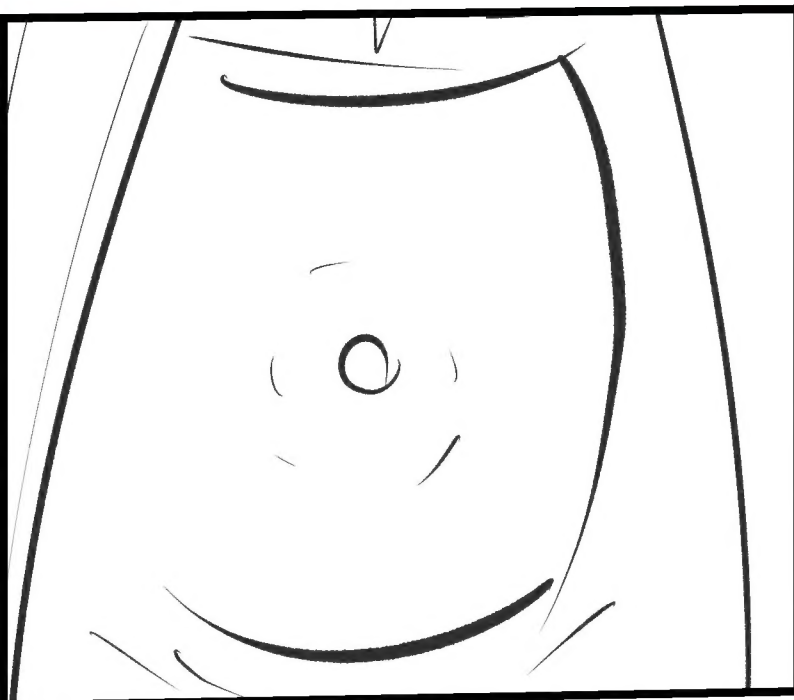

another
one?

thank
you!

I wish I was
as cool as you

You know
how it is...

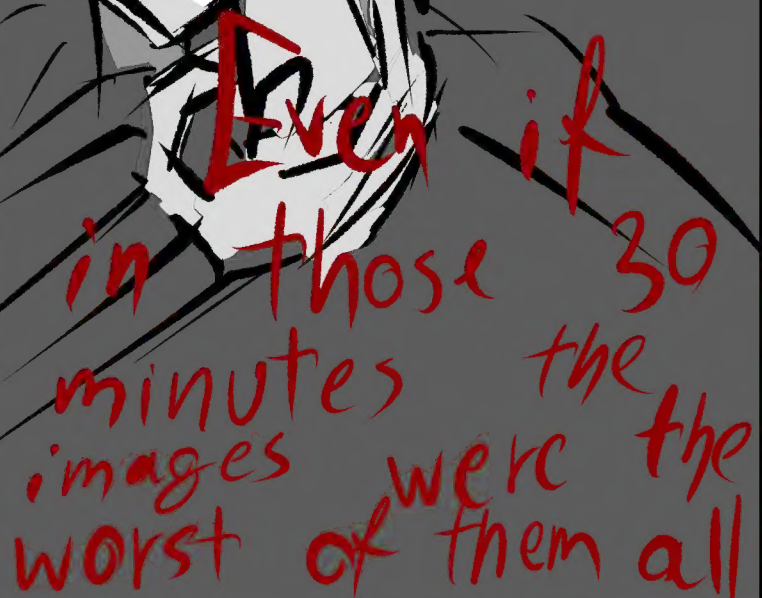

It was all
a dream...

Still stuck
in the same
nightmare...

I think
I did
sleep
for half
an hour
at least

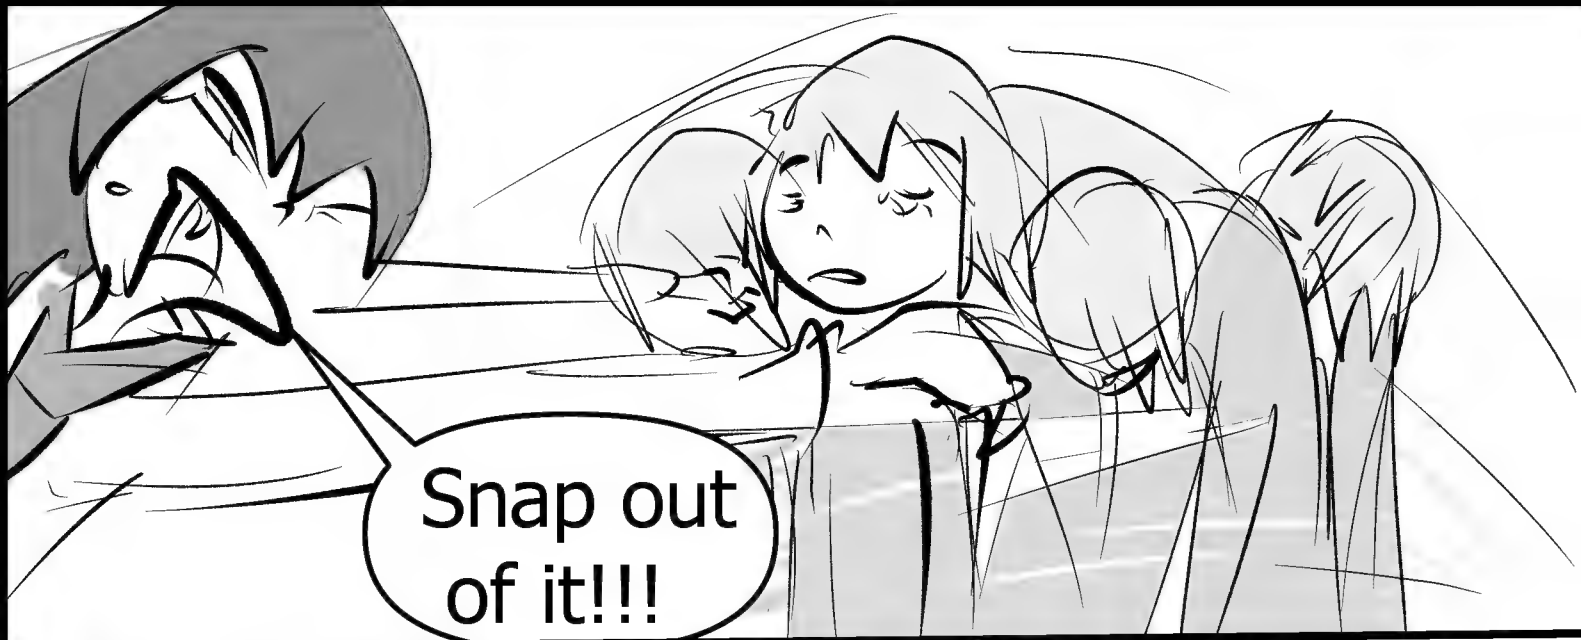

Even if
in those 30
minutes the
images were the
worst of them all

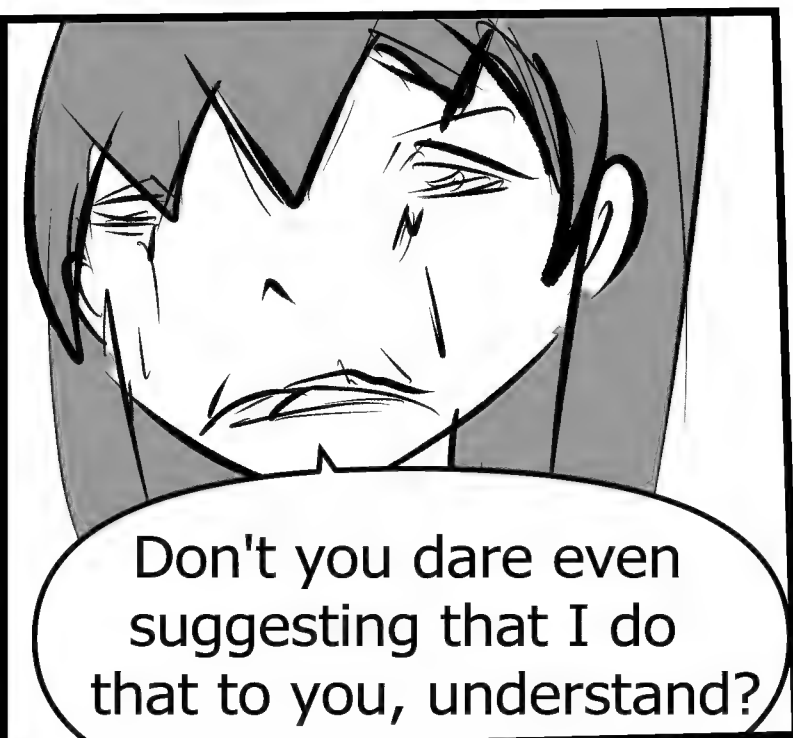

How
much
longer

Can I
take
it?

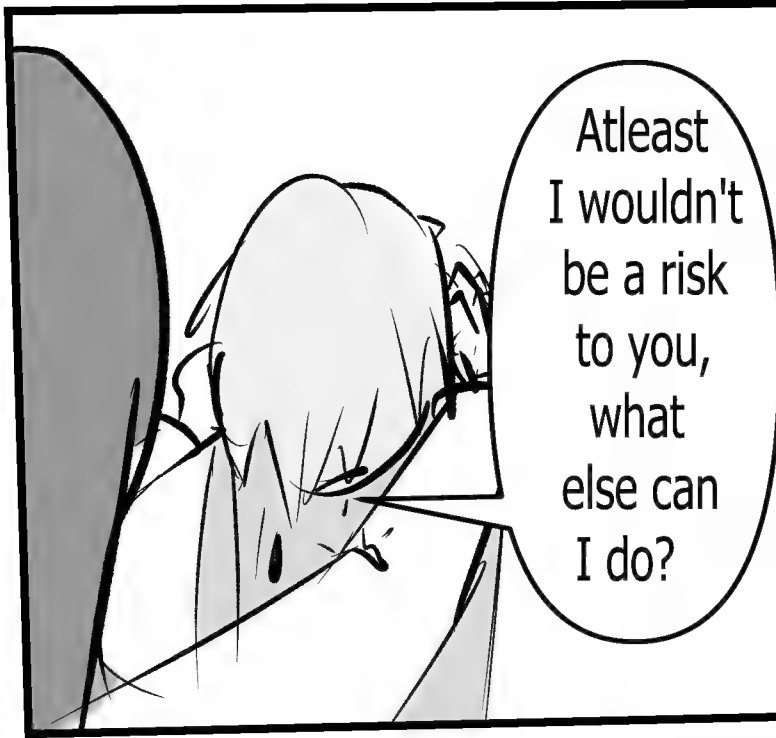

Snap out of it!!!

Don't you dare even suggesting that I do that to you, understand?

Atleast I wouldn't be a risk to you, what else can I do?

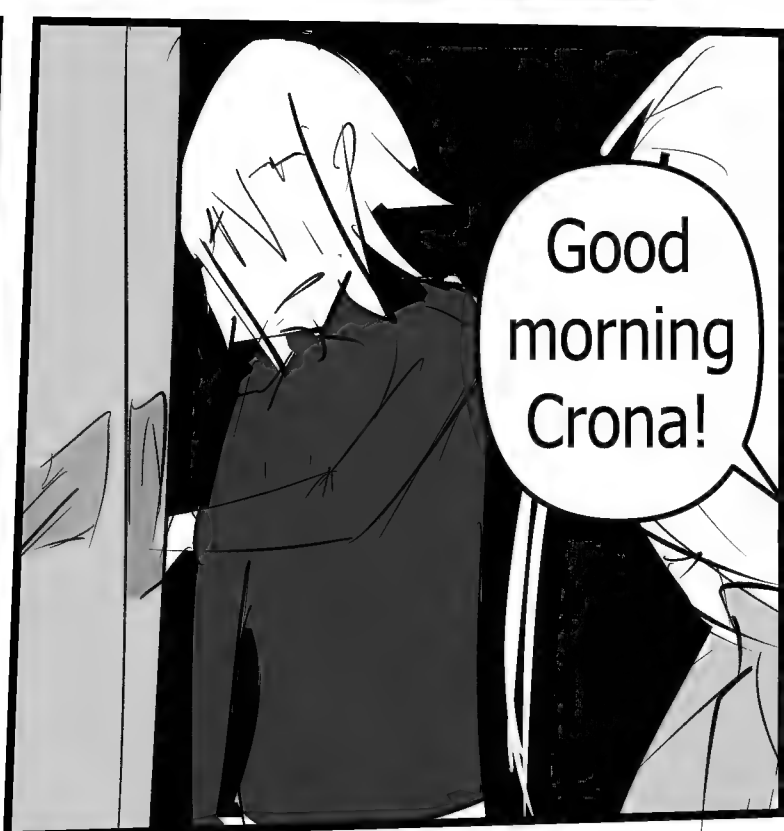

I-if it's so bad...

W-we maybe should just tell the DWMA, we studied here for many years, I'm sure that they-

No!-That...

I-I need some fresh air to think...

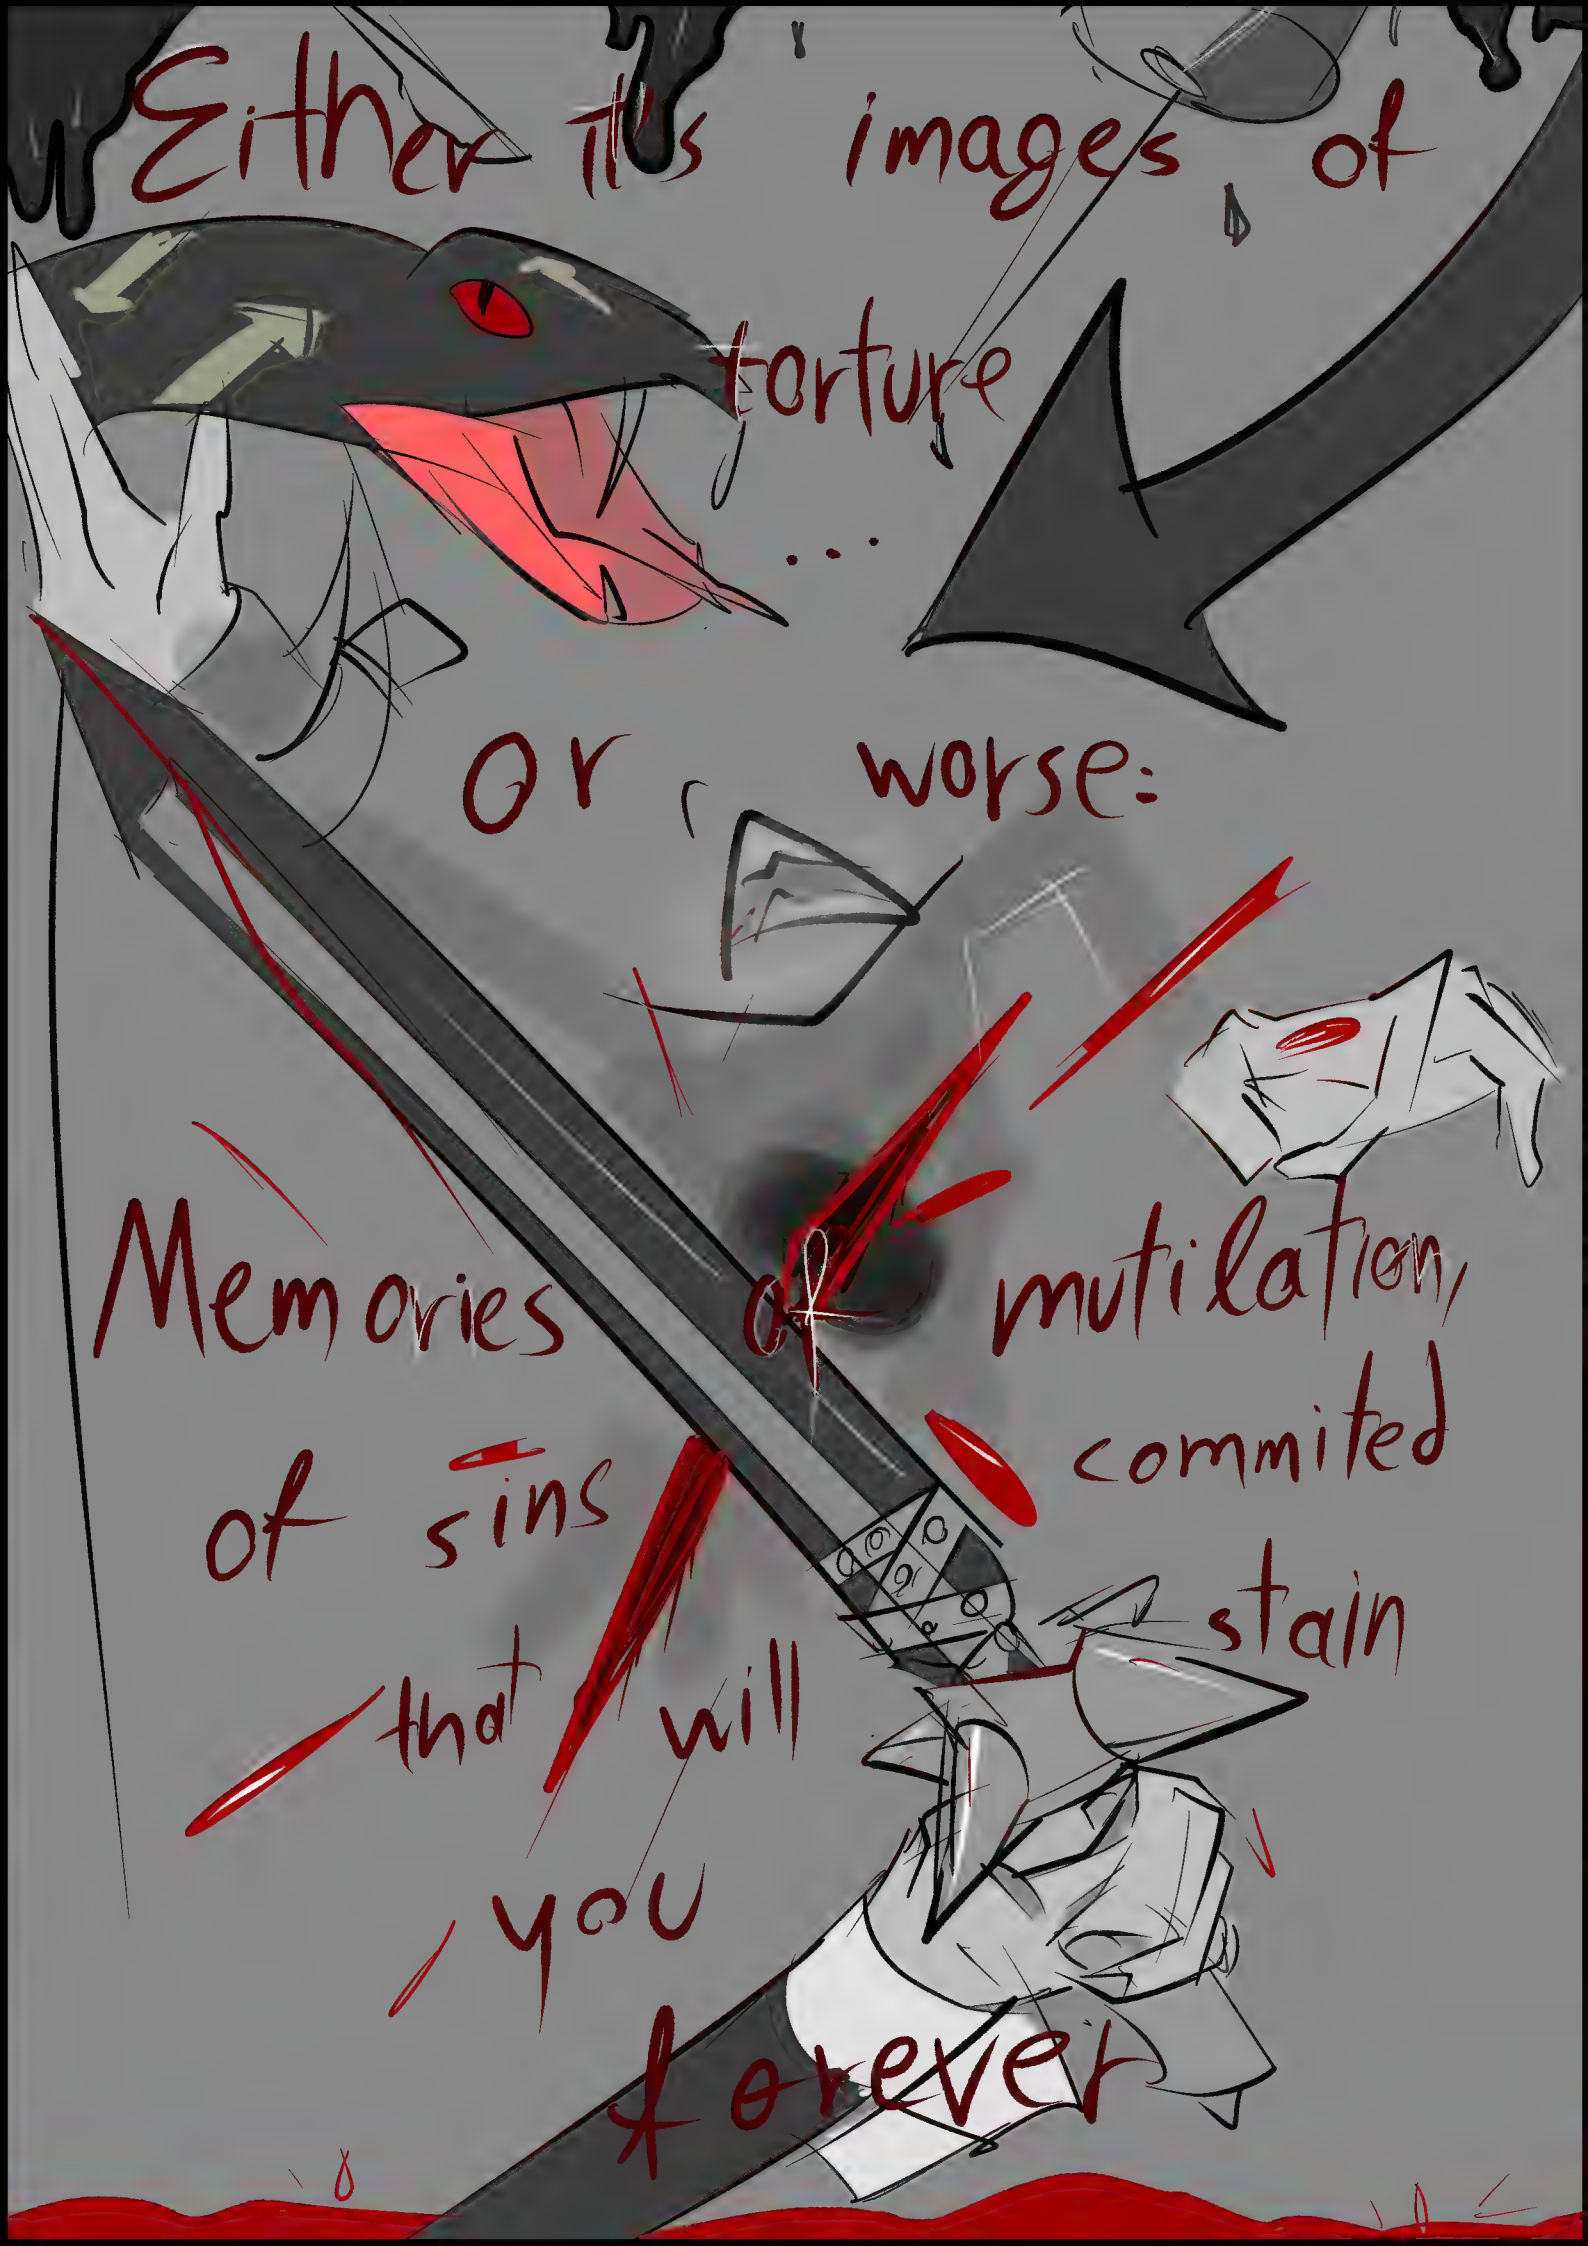

Either it's images of

torture

or worse:

Memories of sins committed
that will stain
you forever

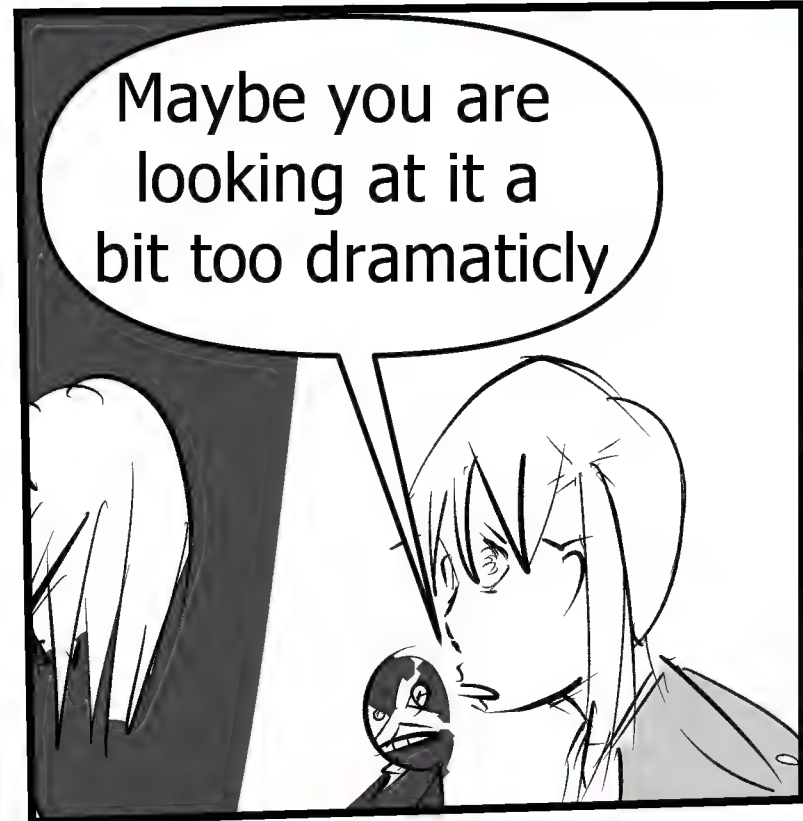

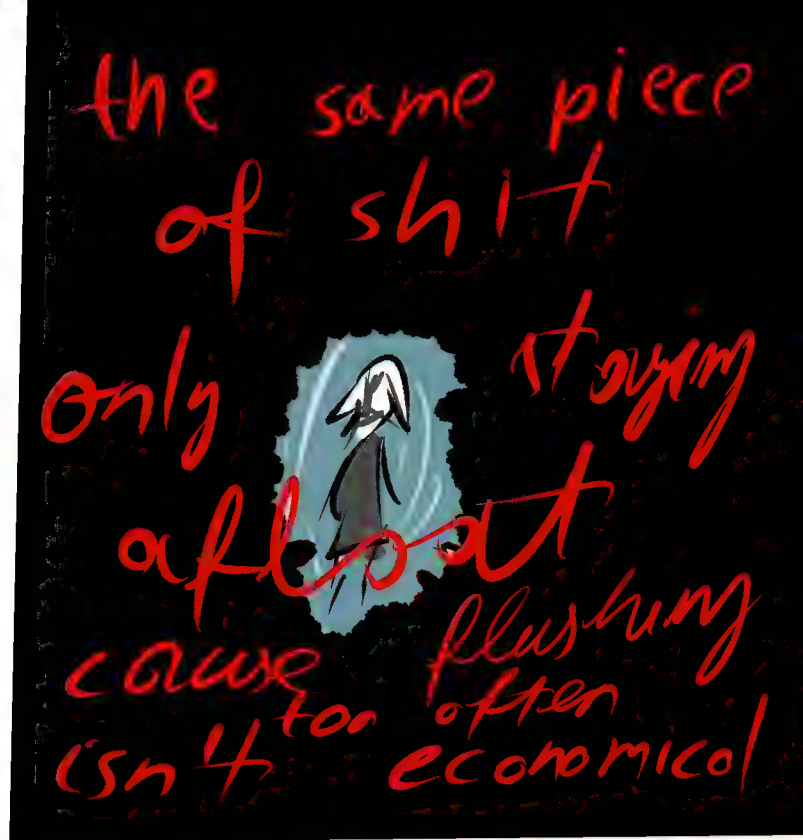

Em...

I think everyone agree that nightmares are terrible, but what about nice dreams, or do you never have happy ones?...

Oh yeah I forgot about that, so I'm wrong as allways, the 3rd case:

and then, the y
end!

distract my mind with other stuff-
Perfect, the lady at the teashop
is all ways trying to act friendly
and to strike up a conversation

E-eh-excuse
me

Don't worry, I
know how hard
it is to survive
in enemy territory

It will be alright,
rumors suggest our
liberation may come a
lot sooner than expected

rip! x
rip! x

li-liberation?

Come
again!

b-bye

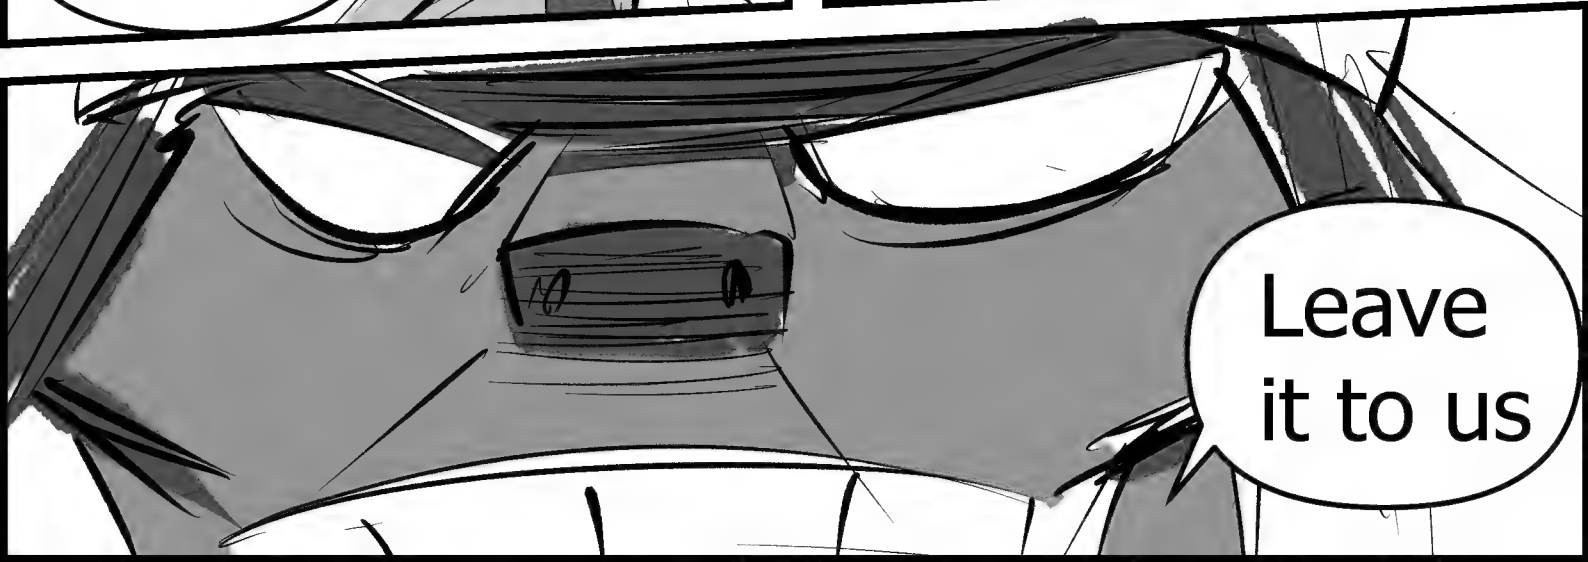

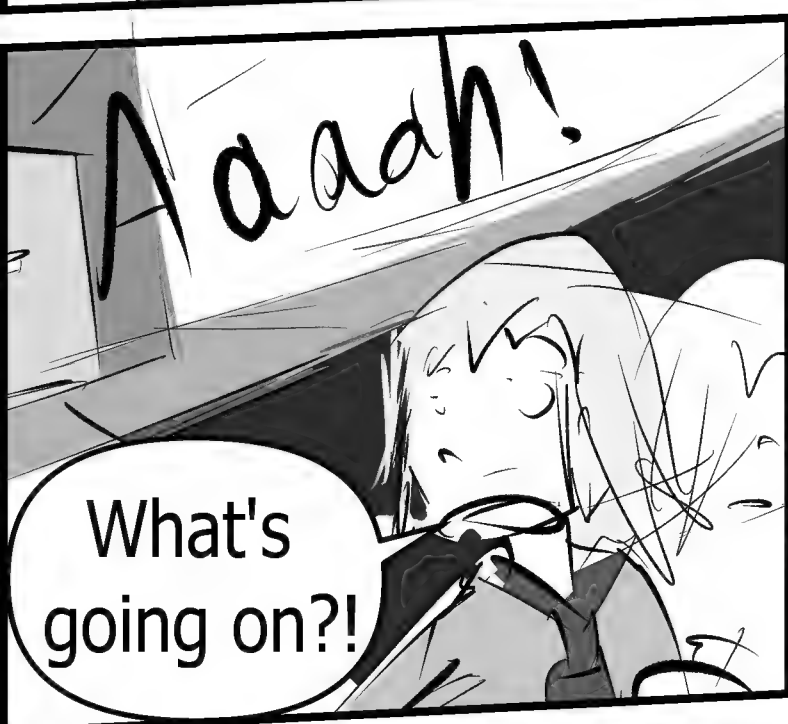

RING

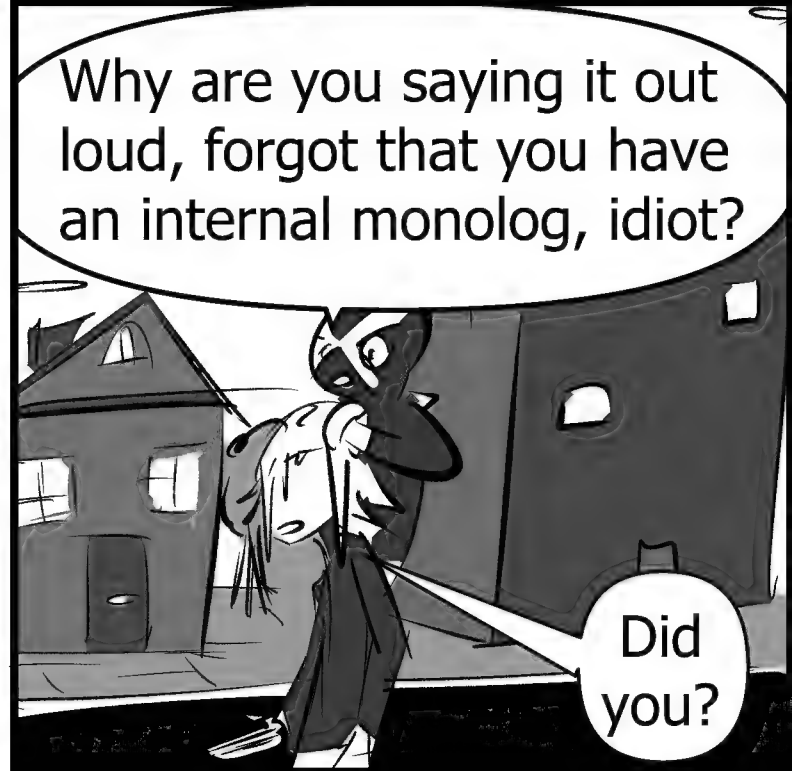

Ah, I envy her,
to still not be in
the tripple digit
age range...

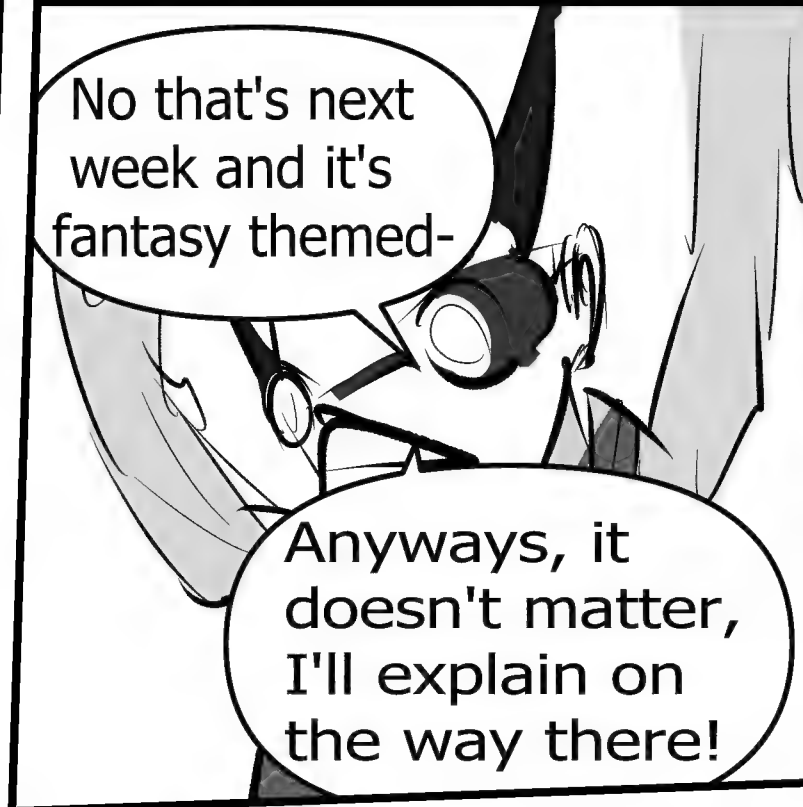

WUSH

Oh, its you,
I said it 10
times already,
we don't sell
alcohol, not
even kombucha

If what Sid told me and my intellect filled in, is right, it went something like this:

Predictable
movement

Kroe kroe
kroete-

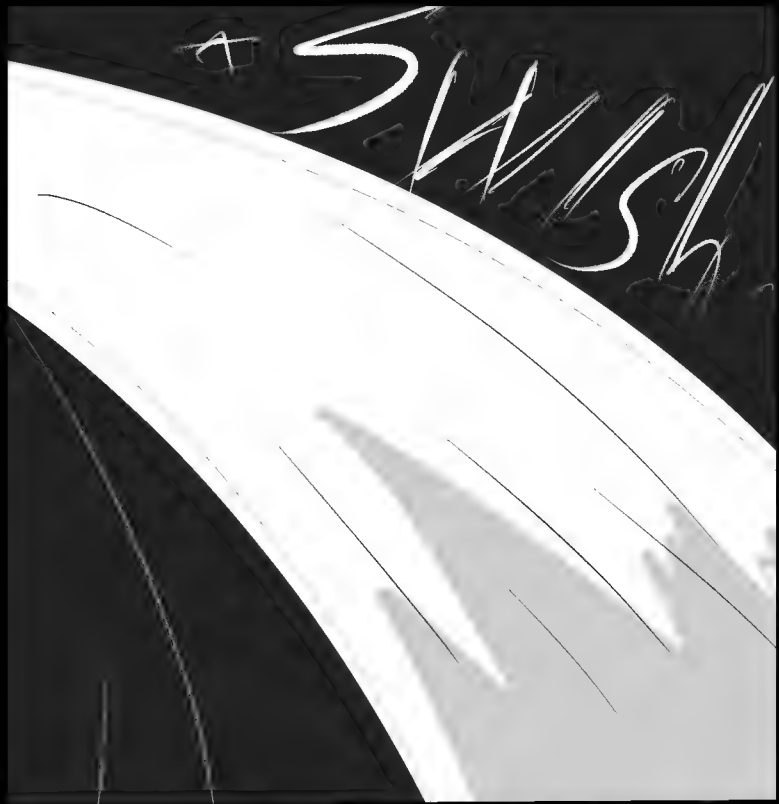

Your spells
won't save
you

Just
give
up

So be it...

Something's wrong?

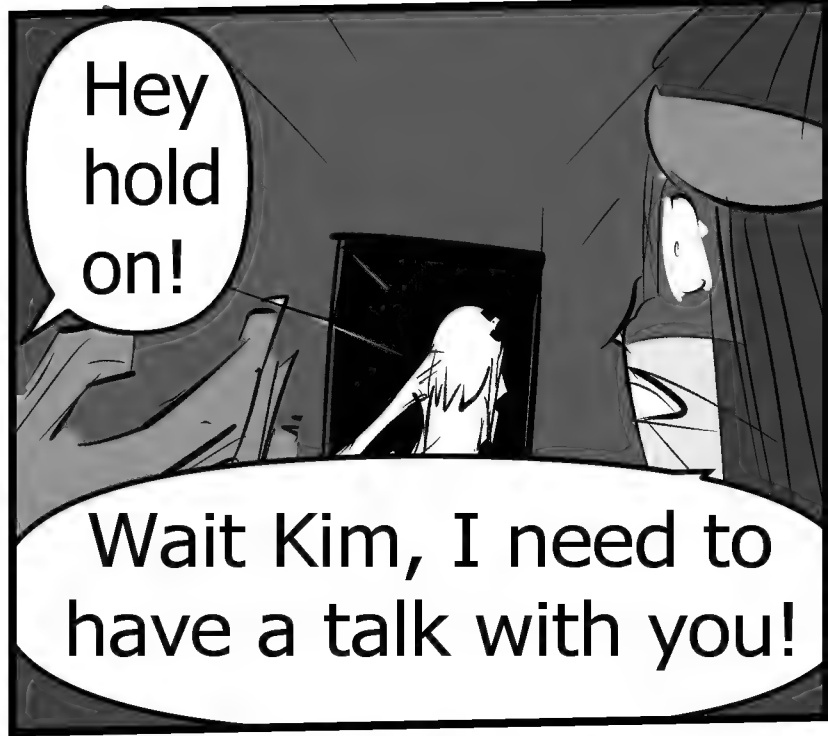

With your combat experience this sight shouldn't be too shocking

But I guess you were just in the shop before so it's different- wait, didn't I see her ruffle your hair through the window, as if she knew you?

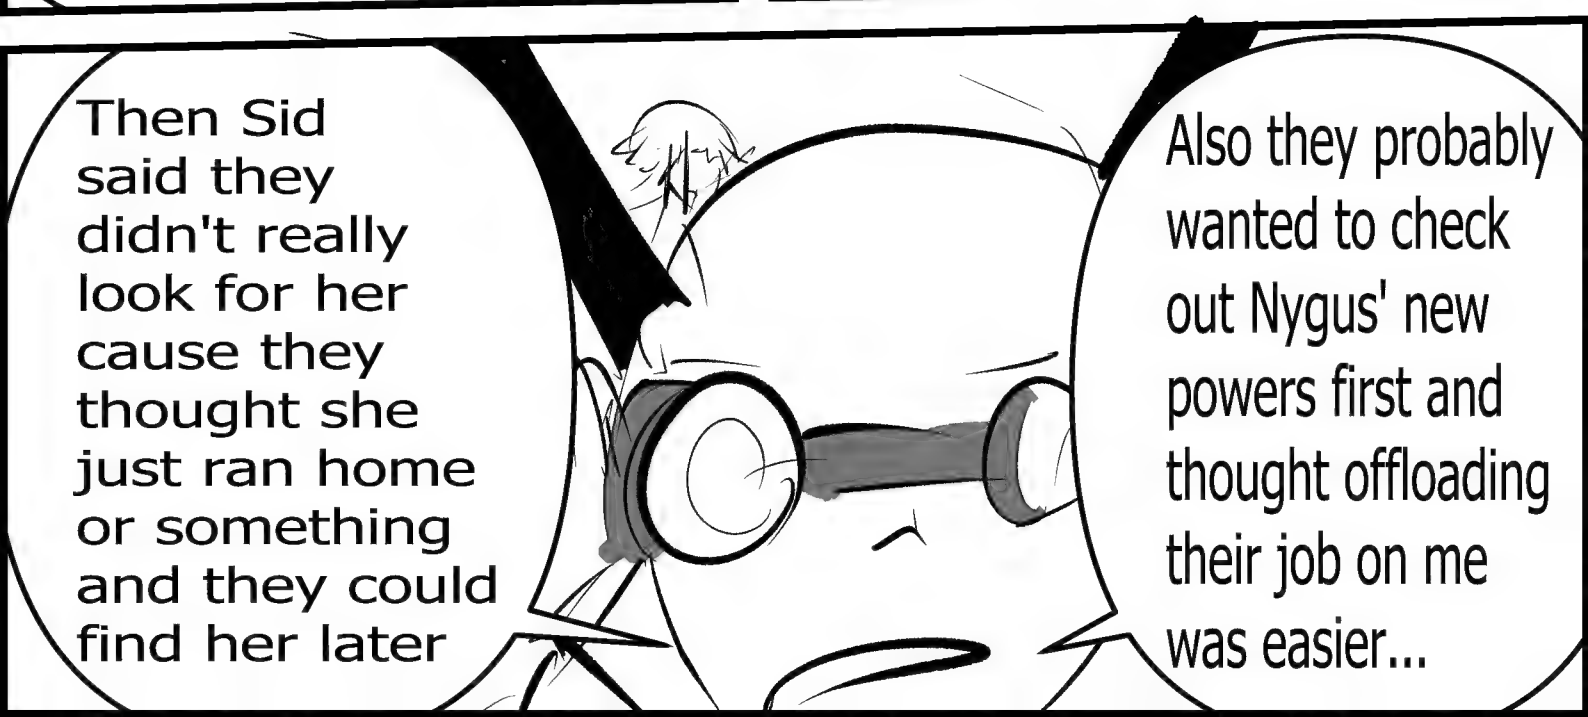

Some teachers have mentioned that she has been acting unusually the past few days...

Hey hold on!

Wait Kim, I need to have a talk with you!

Then Sid said they didn't really look for her cause they thought she just ran home or something and they could find her later

Also they probably wanted to check out Nygus' new powers first and thought offloading their job on me was easier...

Wait so why are we rushing if this is a nothingburger, just cause you are so obsessed with her?

When it comes to my beloved Kim, I have a sixth sense for when she is in real danger!

Also because her apartment was left as if somebody took everything in a rush and even forgot to lock the door

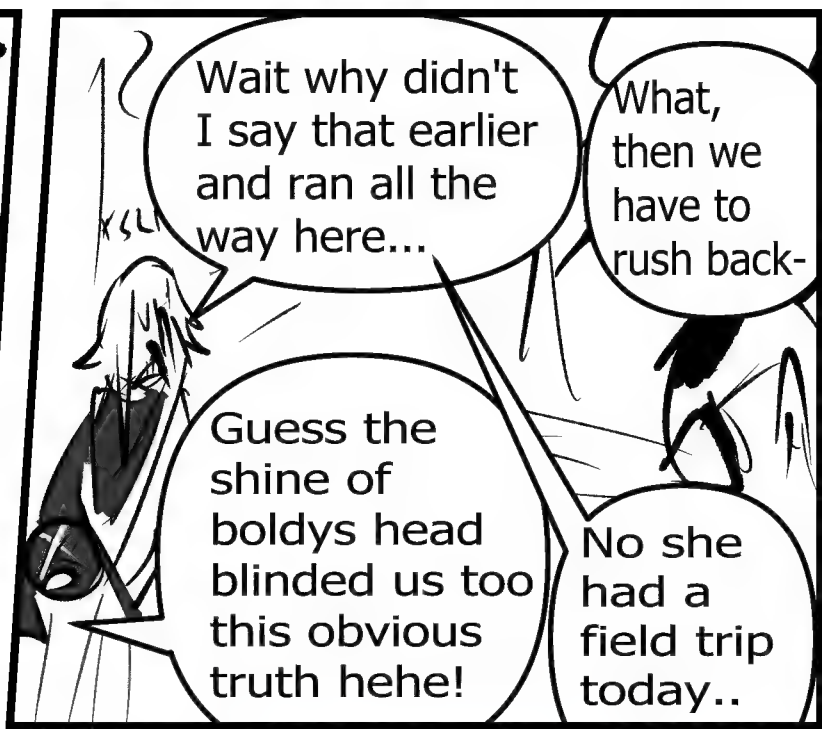

oh that too

Also Jackie is nowhere to be found, ruining my group project...

But if you here before us, why aren't you getting Mrs. Marie to help?

She isn't at home

Wait why didn't I say that earlier and ran all the way here...

What, then we have to rush back-

Guess the shine of boldys head blinded us too this obvious truth hehe!

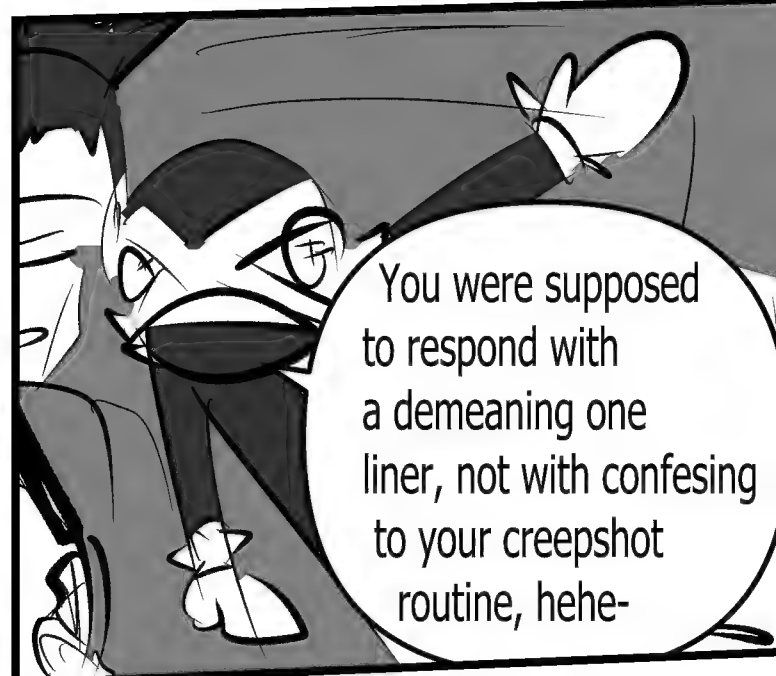

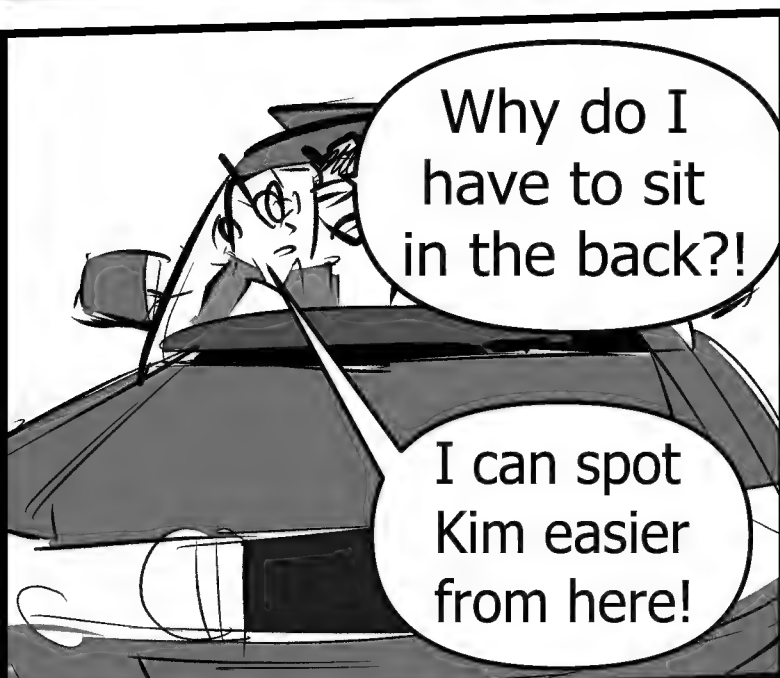

No she had a field trip today..

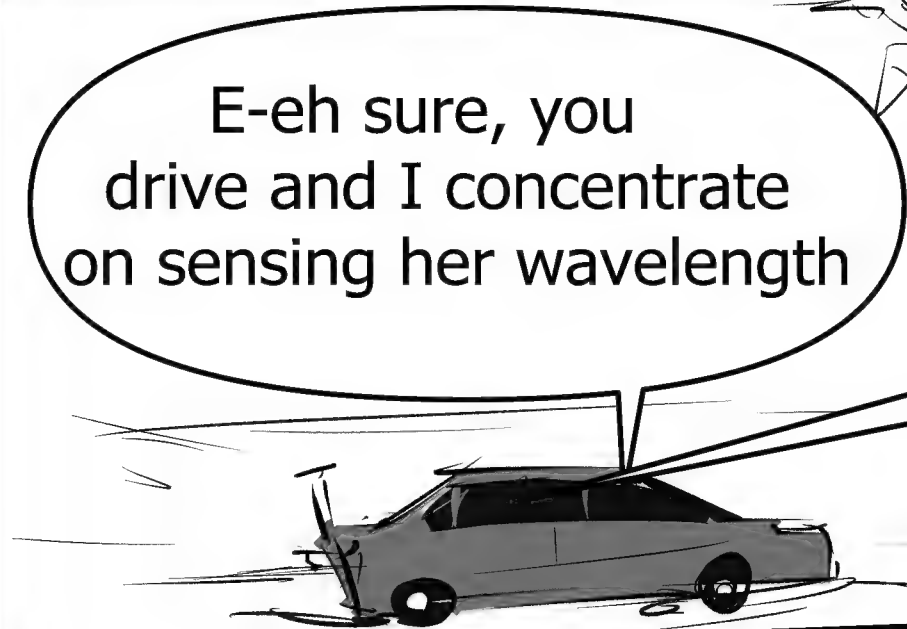

And I forgot to mention that too, screwd up like allways and now if witches are somehow involved like I suspect, the same fate-

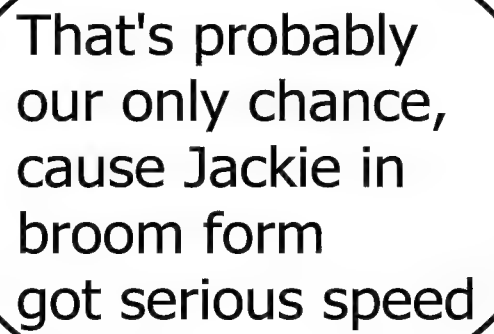

No time to waste, they already

messed me up enough!

E-eh sure, you drive and I concentrate on sensing her wavelength

That's probably our only chance, cause Jackie in broom form got serious speed

L-let's rest for a bit...

What?

Just do it...

But Kim if what you think is true... We don't have time to lose!

I sensed it right, they are here!

Even if I oversteered a bit...

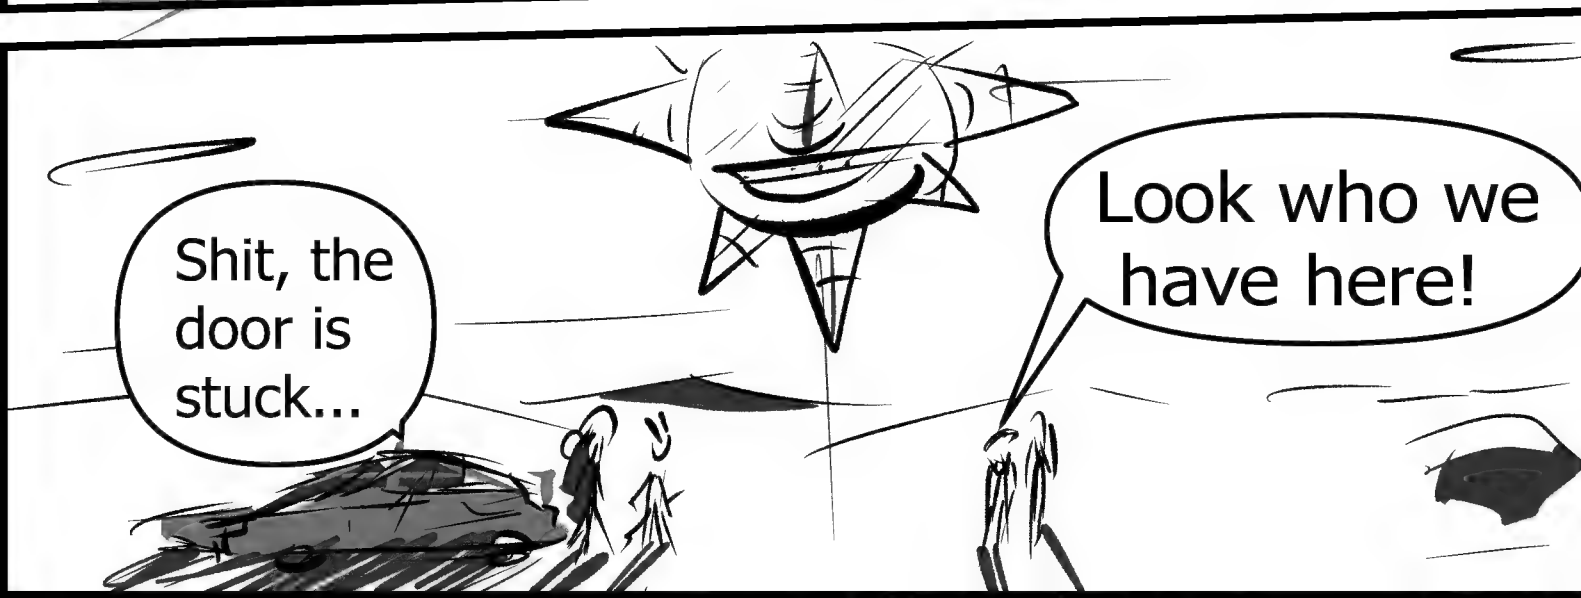

Hopefully I still made us arrive in time, but if witches are involved you can never be sure

Ugh, what is that pink flamingo doing here again?

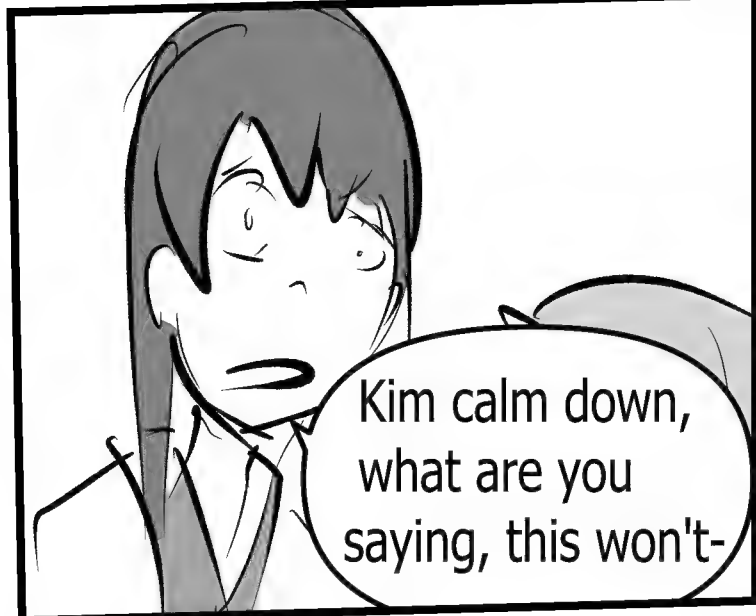

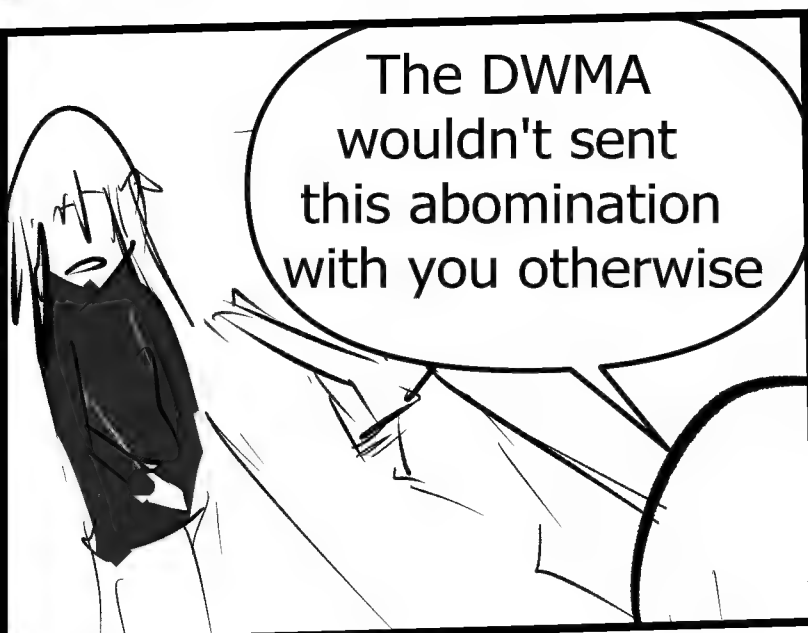

Did the DWMA send the local maniac for the most bloody possible execution or what?

Shit, the door is stuck...

Look who we have here!

Wh-what no-

This must be
some mistake-

Yeah that's what I
am to you, eh?

No place in your world
of numbers were you
can order everything,
you computerbrain

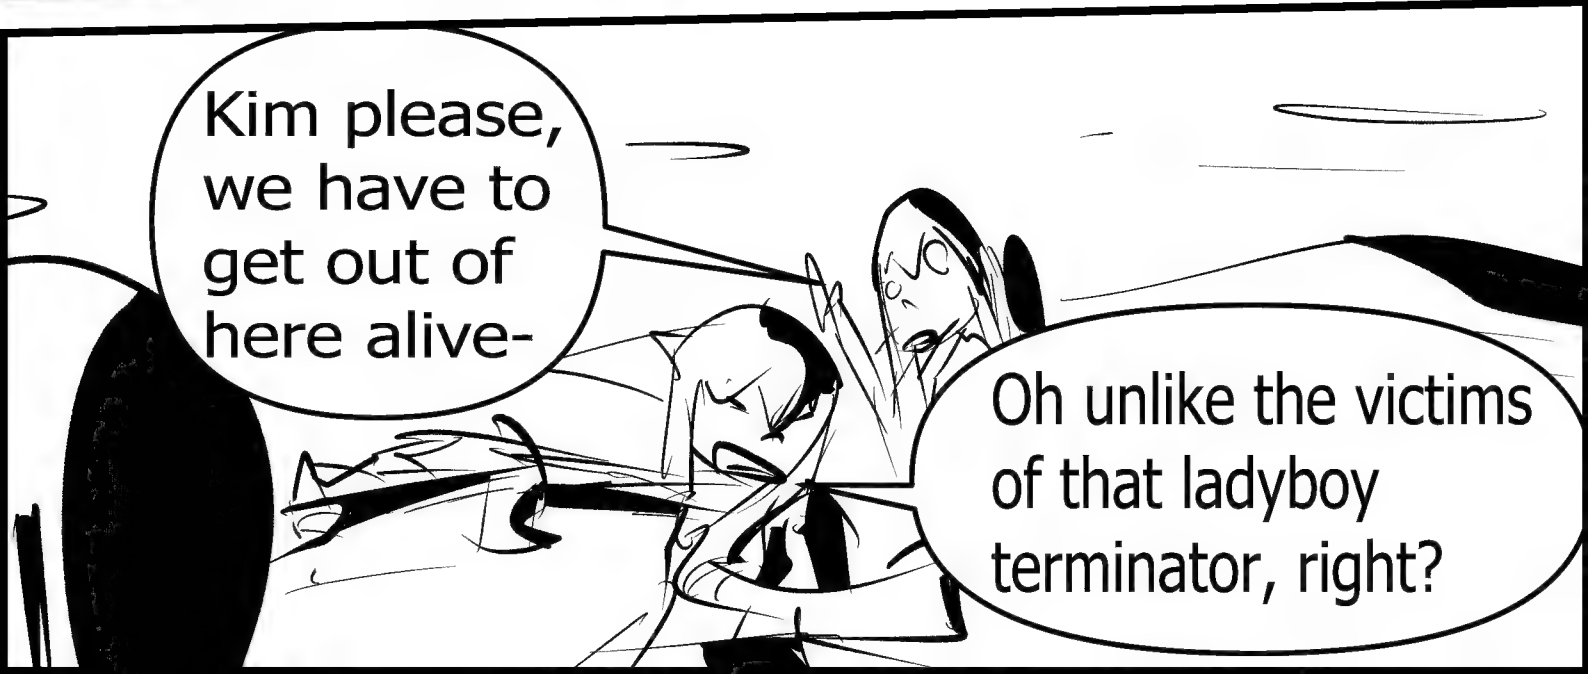

Wha-

He only saw the
good in you and
that's how you-

Shut up, you
FREAK!

Kim please,
we have to
get out of
here alive-

Oh unlike the victims
of that ladyboy
terminator, right?

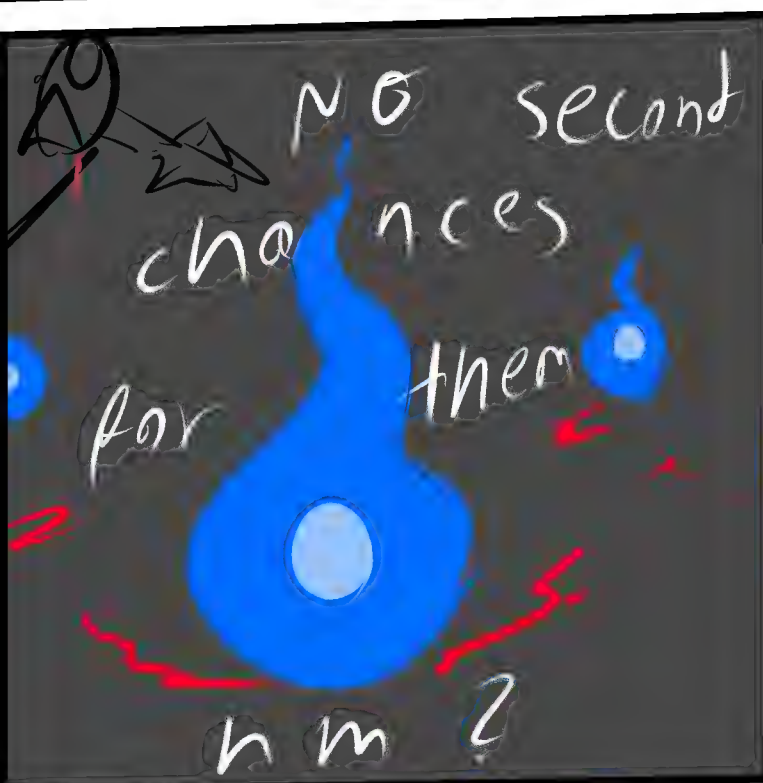

Oh look
the little
androgynous
android trys
to pretend he
is shocked!

Or maybe he
is from all the
pleasure he gets
from recalling it?

Felt good to cut
them all into pieces
didn't it psycho?

Oh I'm sorry,
I misspoke!

I didn't
mean second,
but third,
or fifth or
whatever one
you are on!

No really how many times did you betray
the DWMA, the people who forgave and
trusted you, with all your sins and crimes?
tell me please!

What happened, huh?

Nothing.

While I have to fear for my life for the same "nothing"

Guess I should have stabbed Soul too, but I guess you already scared him away for good

Seems he was at least less stupid than your teacher's pet of a girlfriend, or is she more of mum to you?

"Oh poor Crona, don't be afraid, I'll go to the school bathroom with you, I'll even hold your free hand if you want"

Does she help
you clean up
too?

Like she
did after
all your
other little
"tantrums"

Come on guys,
no need for-

Oh there is
a need, like
he needs more
than one mommy
plus a daddy
too!

"Your reward for
being an unrepentant
monster:

A coupon for
a loving family!"

As if you deserve
it, while I...

Just because you
were lucky enough
to be born as a boy

Are free of the fear

and can just be human

You deserve nothing!

It's me that...

DO YOU GET IT!?
YOU SCRAWNY-

Kim please,
I think that
was enough

I do get
it

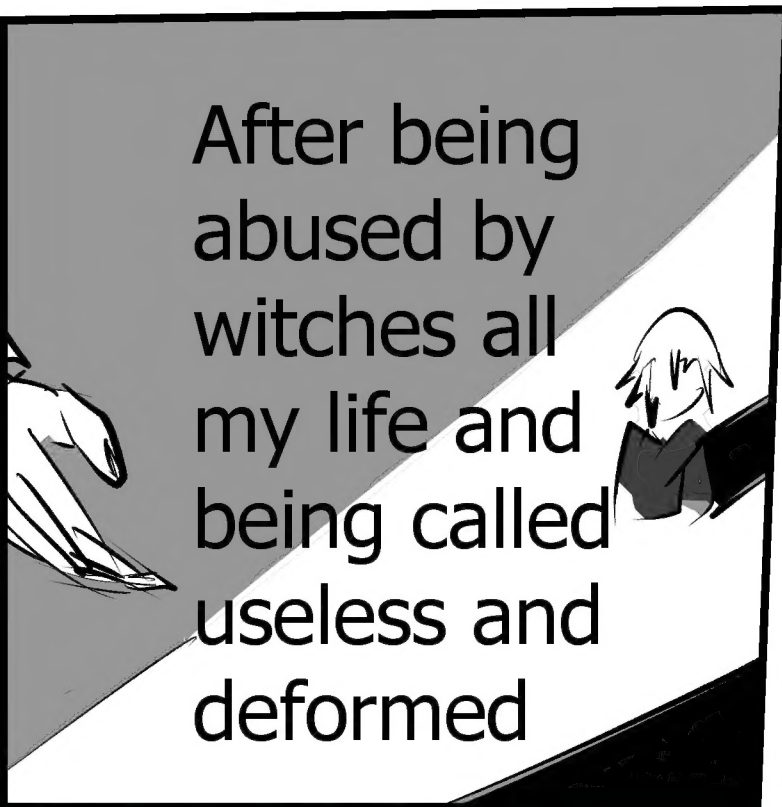

heh, for
once you-

Finally I
truly do...

I must thank you, you helped me, at last, put it all together

After being
abused by
witches all
my life and
being called
useless and
deformed

my supposed
mother treating
me like a slave
infront of them,
while they laugh
and despise my
existence

All that poisoning
of my soul,
twisting of
right and wrong,

making me think
I never could
do anything,
just serve them...

It's so clear to me now, my upbringing just made me incapable of realising it : it wasn't my fault, but theirs, the witches, allways was and allways is!

This was just the confirmation, another attempt by a witch to twist it upside down, to attack me, but this time I won't fall for it!

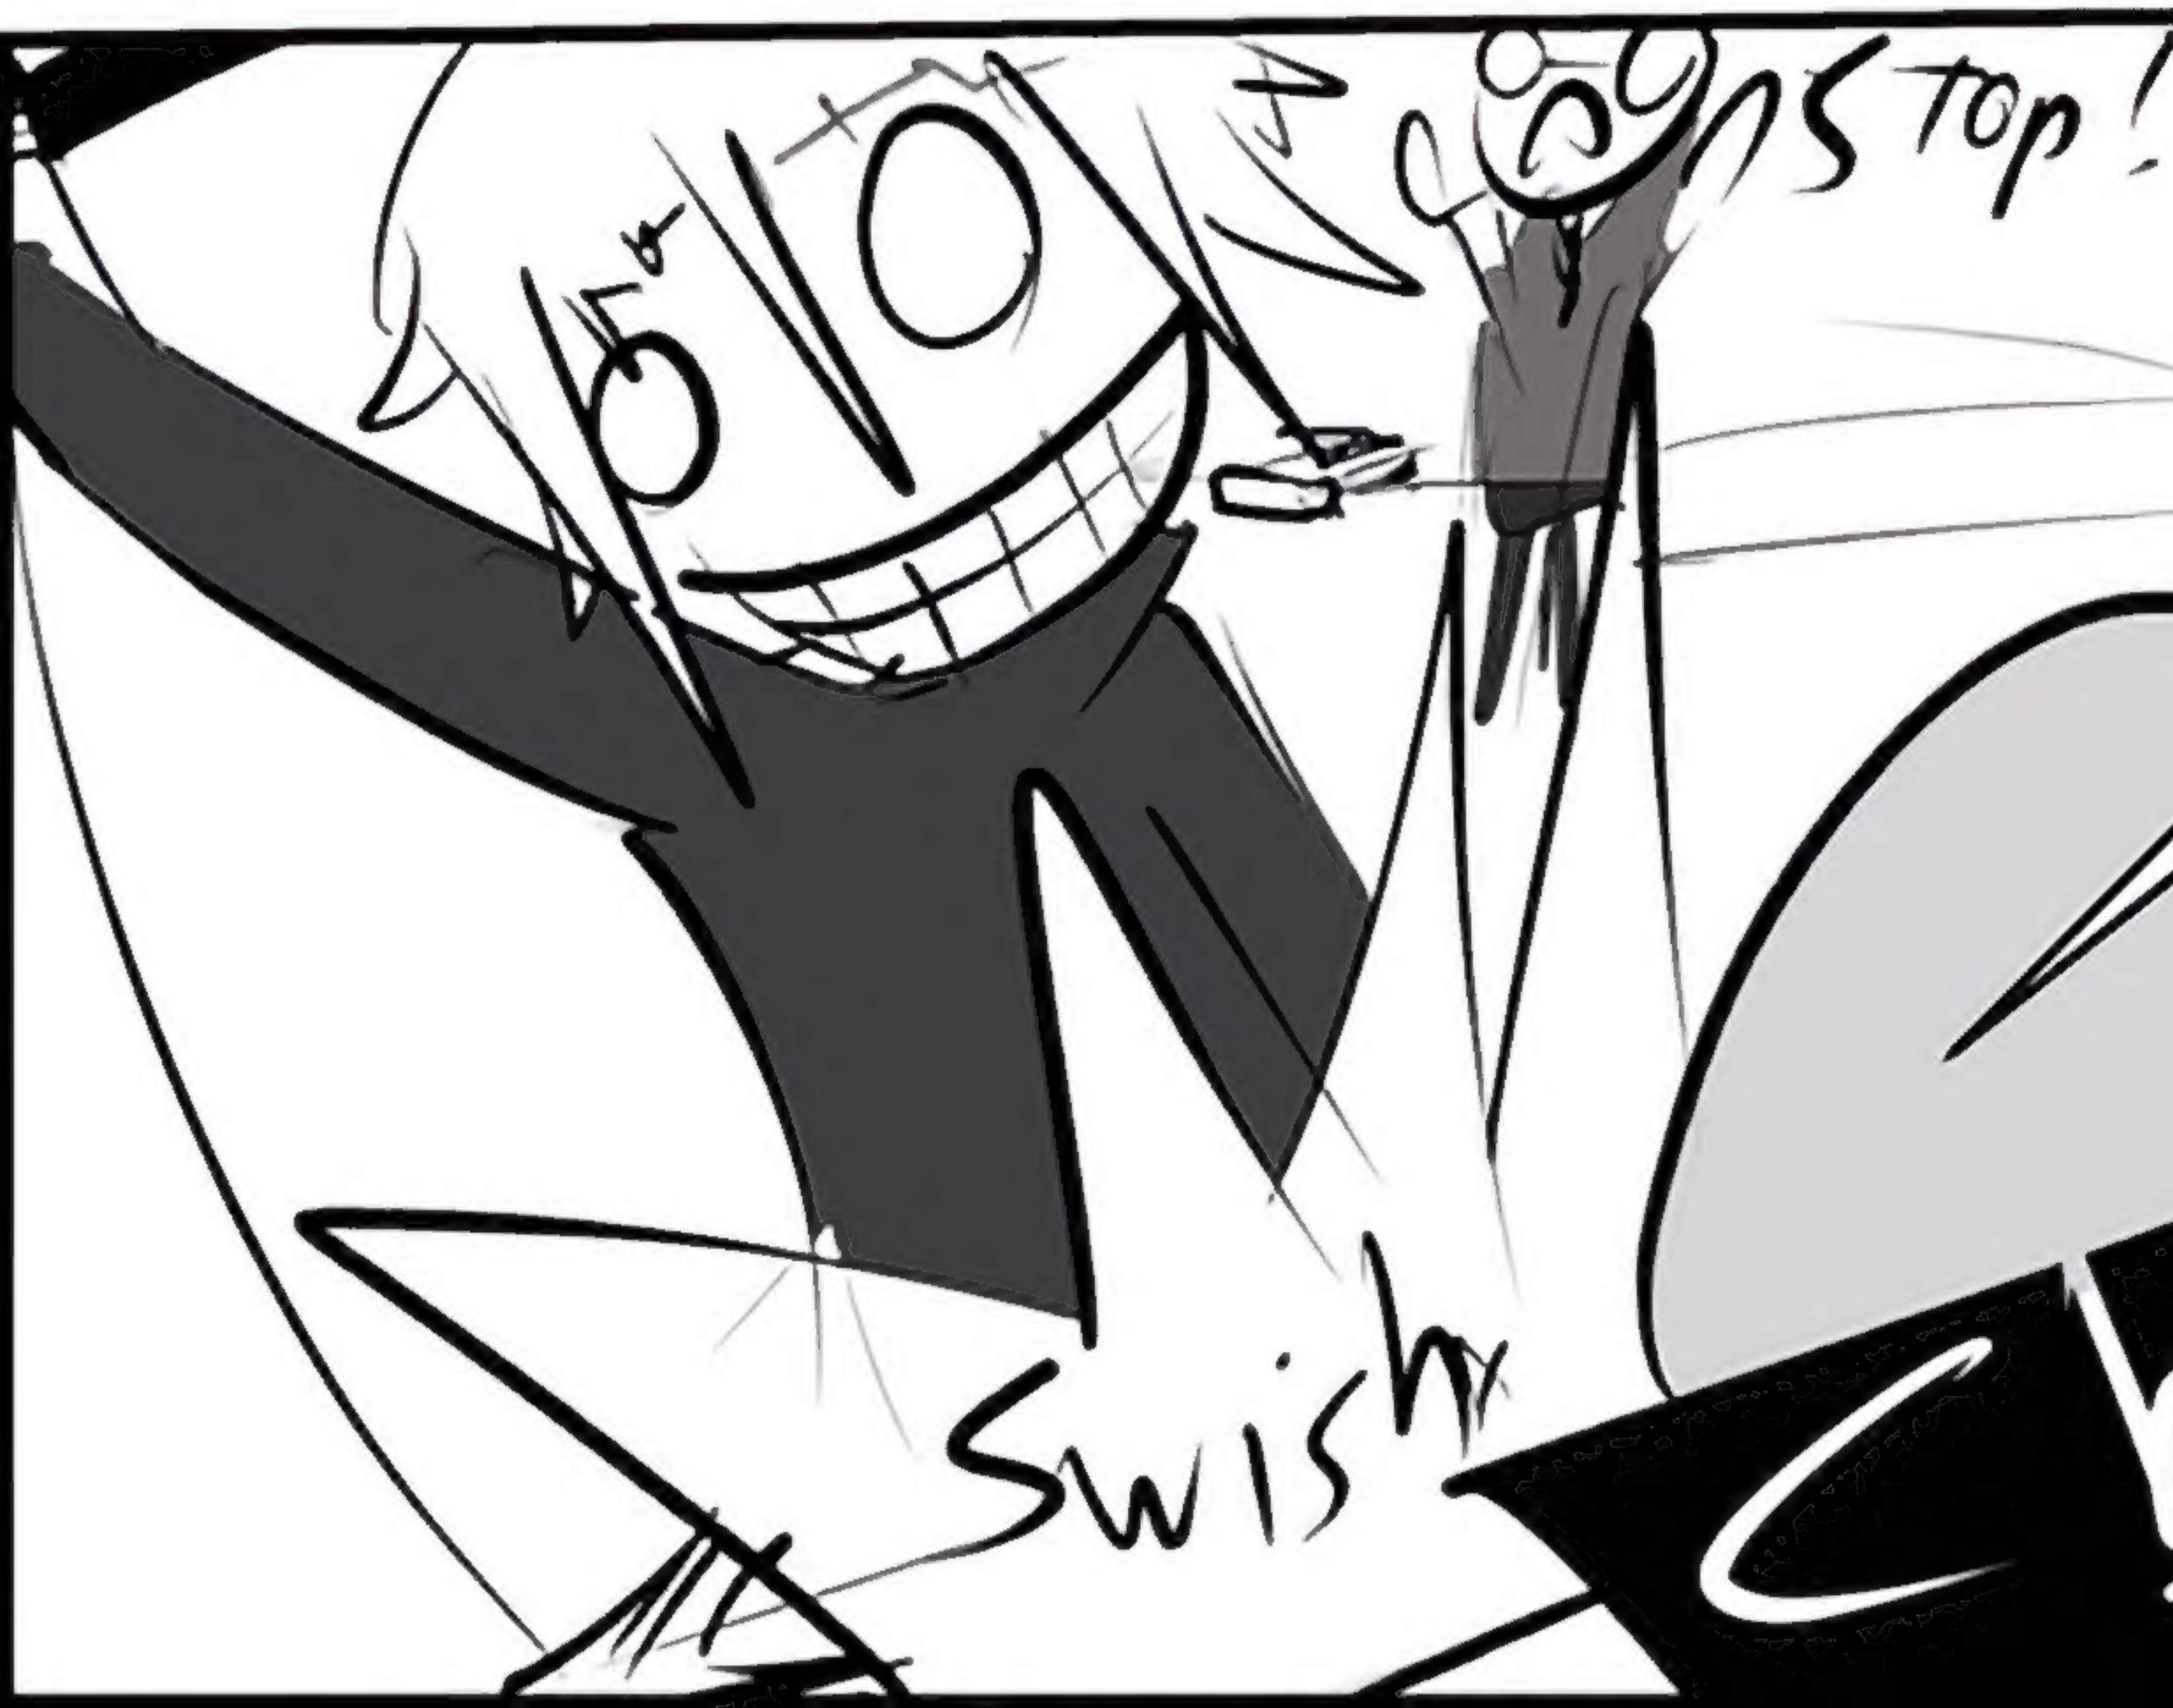

Ragnarok!

Wanna become a death scythe?

Stupid, I'm no way close to 99 kishin-

hehe Guipi!

Guipi!

Jacky, let's burn this trash once and for all!

Chapter 26 END
